BOMAS PERFORMANCE REPORT- FEB WEEK 2

Purpose / Objective

Our people strategy for 2026 focuses on performance and productivity. The weekly report provides a snapshot of branch and departmental performance, to quickly identify trends and areas requiring intervention.

Objectives:

- Track weekly departmental performance against KPIs.
- Ensure alignment with the 2026 people strategy.
- Provide actionable insights to support decision-making and operational improvements.

Methodology for Weekly Reporting

The weekly report is compiled by the HR team in collaboration with branch managers and departmental leads.

Guidelines for Branch Managers:

1. **Collaboration:** Liaise with department heads (sales, finance, etc.) to gather required data.
2. **Specificity:** Include names, figures, and relevant details wherever applicable. Avoid vague responses.
3. **Completeness:** Answer all questions. If some information is unavailable, indicate clearly.
4. **Verification:** Ensure all data is accurate, cross-checked, and supported by records (inventory, sales, attendance, operations).

Email: zpannju@gmail.com

+254-733-258-419

This approach ensures that:

- All departmental KPIs are captured consistently each week.
- Any challenges, delays, or risks are clearly reported.
- The MD receives a reliable, comprehensive, and actionable overview of branch performance.
-

Departmental Snapshot

1.Sales Department –

1. Revenue Performance

- **Weekly sales target**:
- **Actual revenue achieved**:
- **Percentage variance:**

- What were the **main factors contributing** to over-performance or under-performance this week?
